

Index of Authors and Titles

- ALLEMAN, M. *See* KERMICLE, J. L.
 ALLEN, N. D. *See* SURANI, M. A.
- BABINET, C., RICHOUX, V., GUENET, J.-L. *and* RENARD, J.-P. The DDK inbred strain as a model for the study of interactions between parental genomes and egg cytoplasm in mouse preimplantation development 81
- BARTON, S. C. *See* SURANI, M. A.
 BEECHEY, C. V. *See* CATTANACH, B. M.
 BREMER, M. *See* TARTOF, K. D.
- CATTANACH, B. M. *and* BEECHEY, C. V. Autosomal and X-chromosome imprinting 63
- CHANDRA, H. S. *and* NANJUNDIAH, V. The evolution of genomic imprinting 47
- CLARKE, A. Genetic imprinting in clinical genetics 131
- DELOIA, J. A. *and* SOLTER, D. A transgene insertional mutation at an imprinted locus in the mouse genome 73
- FERGUSON-SMITH, A. C. *See* SURANI, M. A.
 FLAVELL, R. B. *and* O'DELL, M. Variation and inheritance of cytosine methylation patterns in wheat at the high molecular weight glutenin and ribosomal RNA gene loci 15
- FUNDELE, R. *See* SURANI, M. A.
- GHAZI, H., MAGEWU, A. N., GONZALES, F. *and* JONES, P. A. Changes in the allelic methylation patterns of *c-H-ras-1*, insulin and retinoblastoma genes in human development 115
- GONZALES, F. *See* GHAZI, H.
 GRANT, M. *See* MONK, M.
 GUENET, J.-L. *See* BABINET, C.
- HALL, J. G. how imprinting is relevant to human disease 141
- HESLOP-HARRISON, J. S. Gene expression and parental dominance in hybrid plants 21
- HOLLIDAY, R. Genomic imprinting and allelic exclusion 125
- HOWLETT, S. K. *See* REIK, W.
- JONES, P. A. *See* GHAZI, H.
- KERMICLE, J. L. *and* ALLEMAN, M. Gametic imprinting in maize in relation to the angiosperm life cycle 9
- KLAR, A. J. S. Regulation of fission yeast mating-type interconversion by chromosome imprinting 3
- KOTHARY, R. *See* SURANI, M. A.
- MAGEWU, A. N. *See* GHAZI, H.
 MONK, M. *and* GRANT, M. Preferential X-chromosome inactivation, DNA methylation and imprinting 55
- NANJUNDIAH, V. *See* CHANDRA, H. S.
 NUR, U. Heterochromatization and euchromatization of whole genomes in scale insects (Coccoidea: Homoptera) 29
- O'DELL, M. *See* FLAVELL, R. B.
- REIK, W., HOWLETT, S. K. *and* SURANI, M. A. Imprinting by DNA methylation: from transgenes to endogenous gene sequences 99
- RENARD, J.-P. *See* BABINET, C.
 RICHOUX, V. *See* BABINET, C.
- SAPIENZA, C. Sex-linked dosage-sensitive modifiers as imprinting genes 107
- SINGH, P. B. *See* SURANI, M. A.
 SOLTER, D. *See* DELOIA, J. A.
 SURANI, M. A. *See* REIK, W.
 SURANI, M. A., KOTHARY, R., ALLEN, N. D., SINGH, P. B., FUNDELE, R., FERGUSON-SMITH, A. C. *and* BARTON, S. C. Genome imprinting and development in the mouse 89
- TARTOF, K. D. *and* BREMER, M. Mechanisms for the construction and developmental control of heterochromatin formation and imprinted chromosome domains 35
