NDST1-dependent heparan sulfate regulates BMP signaling and internalization in lung development

Zhonghua Hu, Chaochen Wang, Ying Xiao, Nengyin Sheng, Yibin Chen, Ye Xu, Liang Zhang, Wei Mo, Naihe Jing and Gengxi Hu

Hu, Z. et al. 2009. *J. Cell Sci.* doi: 10.1242/jcs.034736

PP2A regulates BMP signalling by interacting with BMP receptor complexes and by dephosphorylating both the C-terminus and the linker region of Smad1

Luiza Bengtsson, Raphaela Schwappacher, Martin Roth, Jan H. Boergemann, Sylke Hassel and Petra Knaus

Bengtsson, L. et al. 2009. *J. Cell Sci.* doi: 10.1242/jcs.039552
