The advancement of human pluripotent stem cell-derived therapies into the clinic

R. Scott Thies and Charles E. Murry

There was an error published in *Development* **142**, 3077-3084.

On p. 3081, it was incorrectly stated that Dr Lorenz Studer's group is supported by the New York Stem Cell Foundation. The correct funding credit is the New York State Stem Cell Science program.
