

CORRECTION

Correction: Innervation of the pancreas in development and disease

Rikke Hoegsberg Agerskov and Pia Nyeng

There were errors in *Development* (2024) **151**, dev202254 (doi:10.1242/dev.202254).

Two references were cited incorrectly.

The citation for Oversby et al. (1968) in the section ‘Intrinsic and enteric pancreatic innervation’ should have been Bronner-Fraser and Fraser (1988). The six citations for Eisen et al. (2018) in the Introduction (two citations), the section on ‘Intrinsic and enteric pancreatic innervation’ (one citation), Table 1 (two citations) and the section on ‘Parasympathetic innervation regulates islet function’ (one citation) should have been Yang et al. (2018).

The correct references are as follows:

Bronner-Fraser, M. and Fraser, S. E. (1988). Cell lineage analysis reveals multipotency of some avian neural crest cells. *Nature* **335**, 161-164. doi:10.1038/335161a0

Yang, Y. H. C., Kawakami, K. and Stainier, D. Y. (2018). A new mode of pancreatic islet innervation revealed by live imaging in zebrafish. *eLife* **7**, e34519. doi:10.7554/eLife.34519

The authors apologise to the readers for these errors and any inconvenience they may have caused.

The online full-text and PDF versions of the paper have been corrected.
