

Volume 22 Number 3

December 1976

Journal of **CELL**  
**SCIENCE**

CAMBRIDGE UNIVERSITY PRESS  
For the Company of Biologists Ltd

*Journal of Cell Science* is devoted to the study of cell organization. Papers will be published dealing with the structure and function of plant and animal cells and their extracellular products, and with such topics as cell growth and division, cell movements and interactions, and cell genetics. Accounts of advances in the relevant techniques will also be published. Contributions concerned with morphogenesis at the cellular and sub-cellular levels will be acceptable, as will studies of micro-organisms and viruses, in so far as they are relevant to an understanding of cell organization. Theoretical articles and occasional review articles will be published.

---

*Subscriptions.* The *Journal of Cell Science* is published nine times a year in January, March, May, June, July, August, October, November and December; and consists of three volumes, each of three parts. The subscription price of volumes 20-22, 1976, is £17.00 net per volume (U.S.A. and Canada US \$48.00) post free. Single parts are available at £7.00 sterling net (U.S.A. and Canada US \$20.00) each, plus postage. Orders may be sent to any bookseller or subscription agent, or direct to Cambridge University Press, Bentley House, 200 Euston Road, London NW1 2DB or in the U.S.A. and Canada to Cambridge University Press, 32 East 57th Street, New York, N.Y. 10022, U.S.A. Copies of the journal for subscribers in the U.S.A. and Canada are sent by air to New York for delivery with the minimum delay (second class postage paid at New York, N.Y.).

*Back numbers* of the *Journal of Cell Science* are available from Cambridge University Press, at the addresses given above. This journal is the successor to the *Quarterly Journal of Microscopical Science*, back numbers of which are obtainable at £8.00 per volume from Messrs William Dawson & Sons, Cannon House, Folkestone, Kent, England.

Enquiries about the reproduction of material from *Journal of Cell Science* should be sent to: Dr R. J. Skaer, Secretary, Company of Biologists Limited, Department of Zoology, Downing Street, Cambridge CB2 3EJ, England.

ISI Tear Service, 325 Chestnut Street, Philadelphia, Pennsylvania 19106, U.S.A. is authorized to supply single copies of separate articles for private use only.

## INFORMATION FOR CONTRIBUTORS

**1 Manuscripts** should be sent to The Editors, *Journal of Cell Science*, Department of Zoology, Cambridge CB2 3EJ, England.

**2 Manuscripts** must be typewritten, in double spacing throughout (including tables, references and legends). Each table should be typed on a separate sheet. Legends to figures should be typed in a single series and placed at the end of the manuscript. Papers must be fully corrected by the author, and a charge will be made for excessive alteration in proof.

**3 A short title** of not more than 40 characters, for use as page headings, should be supplied if the full title is longer than this.

**4 Manuscripts** must contain a **Summary** of not more than 500 words, placed immediately after the title page. Contributors should also send two copies of an **Abstract** for distribution to abstracting journals. The abstract must not be more than 100 words long and should be headed by the author's name and address and the title of the paper. Both summary and abstract must be intelligible without reference to the main text.

**5 The list of References** must be given in alphabetical order of authors' names. The titles of journals should be abbreviated in accordance with the *World List of Scientific Periodicals*, 4th ed. (1963). The following style is used:

GRAY, E. G. & WILLIS, R. A. (1968). Problems of electron stereoscopy of biological tissue. *J. Cell Sci.* **3**, 309-326.

MAZIA, D. (1961). Mitosis and physiology of cell division. In *The Cell*, vol. 3 (ed. J. Brachet & A. E. Mirsky), pp. 77-412. New York and London: Academic Press.

Citations in the text are given in the following form: Jones & Smith (1960) or (Jones & Smith, 1960). Where there are more than two authors the first citation should include all the names and subsequent citations should be in the form (Jones *et al.* 1960). Where more than one paper by the same author(s)

have been published in the same year they are cited as Jones (1960a), Jones (1960b) etc.

**6 Footnotes** should be avoided wherever possible.

**7 SI units** should be used throughout in the preparation of manuscripts.

**8 Text figures** and **photographs** should be numbered in a single series, in the order in which they are referred to in the text. Each individual drawing or photograph should be numbered separately (Fig. 1, Fig. 2 and so on).

**9 Text figures** should preferably be drawn about twice final size; very large drawings should be avoided. Original drawings are needed for reproduction as photographic copies cannot always be used. The maximum printed size of a drawing is 200 mm by 125 mm. Lettering will be inserted by the printers and should be indicated on a tracing-paper overlay or a duplicate copy.

**10 Photographs** should preferably be submitted the same size as they are to appear. The maximum for a plate is 200 mm by 140 mm. Where several photographs make up a plate they should be accurately mounted on one sheet of cardboard and irregular shapes avoided wherever possible. Lettering on plates will be inserted by the printers and should be indicated either on a duplicate, marked set of prints or on a tracing-paper overlay bearing accurately marked outlines of the objects indicated. Authors may be asked to contribute the cost of plates in excess of four.

**11** Authors will receive 50 offprints free of charge and may order additional copies when proofs are returned.

**12** In order to give the Company of Biologists authority to deal with matters of copyright, authors will be required to assign to them the copyright of any article published in the journal. Authors will not, however, need to ask permission to re-use their own material in other publications appearing under their own name.

## IMPORTANT ANNOUNCEMENT

In 1977 the *Journal of Cell Science* will be published in six volumes, not divided into parts. The annual subscription price will be £54 (US \$135.00).
