Scope

Journal of Cell Science publishes critical work over the full range of cell biology. Papers are called for that deal with all aspects of both prokaryotic and eukaryotic cells, the single most important criterion for acceptance being that they should significantly advance understanding of cell organization. Theoretical papers and occasional reviews are published. Short surveys of topical subjects appear in each issue under the general title Commentary.

Publisher

The Company of Biologists Limited, founded in 1925, is a non-commercial organization having tax-exempt charitable status. There is a Board of Directors consisting of about 20 professional biologists, who receive no salary or fees for their services. The Company's main function is to own and manage Development, Journal of Cell Science and The Journal of Experimental Biology. It also publishes BioEssays for the ICSU Press. Any surplus on publishing not required for the journals' reserves is transferred to an Educational Trust Fund, which makes grants in aid of societies concerned with the fields of interest covered by the Company's journals. Grants are also made to conferences and summer schools in the fields of its journals.

Subscriptions

The Journal appears monthly (three volumes, each of four parts, per year). In addition, in 1990 there will be one Supplement (number 13) which is included in the subscription price.

Libraries: USA and Canada $820; Japan £500; Rest of the World £455, all post free.

Personal: £65 or $95. These are for private use only and must be paid for by personal cheque or credit card.

Payment by cheque (payable to Biochemical Society) in £ sterling/US$ or by Access/Visa credit cards. Orders should be sent to: Biochemical Society Book Depot, PO Box 32, Commerce Way, Colchester CO2 8HP, UK or to your usual agent or bookseller. 24-hour ordering by Fax: (0206) 549331 – USA 44 206 549331
