

Table S1. *Correlation of HIF-1 α protein amounts between different tissues in crucian carp*

	Liver	Heart	Gills	Kidney
Liver	1			
Heart	0.804635	1		
Gills	0.836895	0.803971	1	
Kidney	0.783969	0.751661	0.845377	1

Correlation matrix of HIF-1 α protein amounts in different tissues of normoxic crucian carp. Values are correlation coefficients.
