

List of reviewers (1 January – 31 December 2021)

- Mikus Abolins-Abol, University of Louisville, USA
Ehab Abouheif, McGill University, Canada
Shelley Adamo, Dalhousie University, Canada
Elizabeth Adkins-Regan, Cornell University, USA
Stephen Adolph, Harvey Mudd College, USA
Jeroen Aeles, Nantes University, France
Peter Aerts, University of Antwerp, Belgium
Claudio Agnisola, University of Naples Federico II, Italy
Shaad Ahmad, Indiana State University, USA
Dunja Aksentijevic, Queen Mary University of London, UK
James Albert, University of Louisiana at Lafayette, USA
Joerg Albert, UCL School of Life and Medical Sciences, UK
Carlos Alberto-Silva, Federal University of ABC - UFABC, Brazil
Tomáš Albrecht, Institute of Vertebrate Biology CAS, Czech Republic
James Alexander, University of Louisville, USA
Declan Ali, University of Alberta, Canada
Annette Allen, University of Manchester, UK
Jon Allen, College of William and Mary, USA
Daiana Almeida De Souza, Cornell University, USA
Jordi Altimiras, Linköping University, Sweden
Aurora Alvarez-Bullya, Stanford University, USA
Christopher Anderson, University of South Dakota, USA
Jeff Anderson, Virginia Tech, USA
Phillip Anderson, University of Illinois Urbana-Champaign, USA
W. Gary Anderson, University of Manitoba, Canada
Noriyasu Ando, Maebashi Institute of Technology, Japan
Denis Andrade, São Paulo State University (UNESP), Brazil
Anna H. Andreassen, Norwegian University of Science and Technology, Norway
Matt Andrews, University of Nebraska-Lincoln, USA
Nana Ankrah, State University of New York at Plattsburgh, USA

- Sumana Annagiri, Indian Institute of Science Education and Research, India
- Sylvia Anton, Institut de Génétique, Environnement et Protection des Plantes (IGEPP), France
- Katja Anttila, University of Turku, Finland
- Shinya Aoi, Kyoto University, Japan
- Kagari Aoki, University of Tokyo, Japan
- Hikaru Aono, Shinshu University, Japan
- Hitoshi Aonuma, Hokkaido University, Japan
- Jaywant Arakeri, Indian Institute of Science Education and Research, India
- Adamantios Arampatzis, Humboldt-University Berlin, Germany
- Roberto Arbore, Instituto Gulbenkian de Ciência (IGC), Portugal
- Daniel Ardia, Franklin & Marshall College, USA
- Christopher Arellano, University of Houston, USA
- Adrien Arias, University of California, Irvine, USA
- Christian Luis Arias Reyes, Laval University, Canada
- Kentaro Arikawa, SOKENDAI, Japan
- Arthur Arnold, University of California, Los Angeles, USA
- Pieter Arnold, The Australian National University, Australia
- Aristides Arrenberg, University of Tübingen, Germany
- Miriam Ashley-Ross, Wake Forest University, USA
- Graham Askew, University of Leeds, UK
- Henry Astley, University of Akron, USA
- Fülöp Attila, University of Debrecen, Hungary
- Zeenat Aurbangzeb, University of Windsor, Canada
- Aurore Avargues-Weber, University Toulouse III - Paul Sabatier, France
- Michael Axelsson, University of Gothenburg, Sweden
- Paul Ayayee, University of Nebraska Omaha, USA
- Jan Azarov, Russian Academy of Sciences, Russian Federation
- Manny Azizi, University of California, Irvine, USA
- Yoshichika Baba, University of California, Berkeley, USA
- Armin Bahl, University of Konstanz, Germany
- Simon Bahrndorff, Aalborg University, Denmark

- Patrick Baker, USA Military Academy, USA
George Bakken, Indiana State University, USA
Theo Bakker, University of Bonn, Germany
Rohini Balakrishnan, Indian Institute of Science Education and Research, India
M. G. Balamurali, Indian Institute of Science Education and Research, India
Daniel Baldassarre, SUNY Oswego, USA
William Baldridge, Dalhousie University, Canada
David Baracchi, University of Florence, Italy
Jay Barlow, National Oceanic and Atmospheric Administration, USA
Romina Barrozo, University of Buenos Aires, Argentina
Michael Barry, Sultan Qaboos University, Oman
Friedrich Barth, University of Vienna, Austria
Ian Bartol, Old Dominion University, USA
Ann-Sophie Barwich, Indiana University Bloomington, USA
Jennifer Basil, City University of New York, USA
Andrew Bass, Cornell University, USA
Christopher Basu, University of Surrey, UK
Karl Bates, University of Liverpool, UK
Christina Bauch, Groningen Institute for Evolutionary Life Sciences, Netherlands
Carolyn Bauer, Swarthmore College, USA
Naim M. Bautista, Aarhus University, Denmark
Ryan Bavis, Bates College, USA
Mark Bayley, Aarhus University, Denmark
Julian Beaman, Flinders University, Australia
Michelle Beck, Rivier University, USA
Daniel Becker, University of Oklahoma, USA
Sabine Begall, University of Duisburg-Essen, Germany
Gregor Belušič, University of Ljubljana, Slovenia
Jan Benda, University of Tübingen, Germany
Joshua Benoit, University of Cincinnati, USA
Franziska Beran, Max Planck Institute for Chemical Ecology, Germany
Michael Berenbrink, Liverpool University, UK

- Sadie Bergeron, West Virginia University, USA
Philip Bergmann, Clark University, USA
Abel Bernadou, University of Regensburg, Germany
Nicholas Bernier, University of Guelph, Canada
Martin Berón de Astrada, University of Buenos Aires, Argentina
Cristiano Bertolucci, University of Ferrara, Italy
John Bertram, University of Calgary, Canada
Janina Bethge, University of Hamburg, Germany
Rob Beynon, University of Liverpool, UK
Shivam Bhardwaj, Auburn University, USA
Meenakshi Bharti, Punjabi University, India
Isaac Bianco, University College London, UK
Andrew Biewener, Harvard University, USA
David Bilton, Plymouth University, UK
Kevin Bilyk, Montclair State University, USA
Verner Bingman, Bowling Green State University, USA
Aleksandra Birn-Jeffery, Queen Mary University of London, UK
Charles Bishop, Bangor University, UK
Adam Blake, Simon Fraser University, Canada
Justin Blau, New York University, USA
Horst Bleckmann, University of Bonn, Germany
Olivier Bles, Université Libre de Bruxelles (ULB), Belgium
Tamzin Blewett, University of Alberta, Canada
Reinhard Blickhan, Friedrich Schiller University Jena, Germany
Richard Blob, Clemson University, USA
Gary Blomquist, University of Nevada, USA
Edward Blumenthal, Marquette University, USA
Leigh Boardman, University of Memphis, USA
Christian Bock, Alfred Wegener Institute, Germany
Laurence Bodineau, Sorbonne University, France
Rolf BODMER, Burnham Institute for Medical Research, USA
David Boerma, Cornell University, USA

Samuel Boff, Ulm University, Germany
Humberto Boncristiani, University of Florida, USA
Fran Bonier, Queen's University, Canada
David Booth, The University of Queensland, Australia
Bart Borghuis, University of Louisville, USA
Jan Born, University of Tübingen, Germany
Brittney Borowiec, Wilfrid Laurier University, Canada
Thomas Bosch, Christian-Albrecht University of Kiel, Germany
Yousef Bouchekioua, Hokkaido University, Japan
Rachel Bowden, Illinois State University, USA
Scott Bowen, University of Leeds, UK
Mike Bowers, Virginia Tech, USA
Sunny Boyd, University of Notre Dame, USA
Madison Bradley, Duke University, Canada
Timothy Bradley, University of California, Irvine, USA
Anindita Brahma, Queen Mary University of London, UK
Elizabeth Brainerd, Brown University, USA
Nicholas Brandley, College of Wooster, USA
Christian Brandt, University of Southern Denmark, Denmark
Brian Branstetter, National Marine Mammal Foundation, USA
Charlotte Brassey, Manchester Metropolitan University, UK
Colin Brauner, University of British Columbia, Canada
Björn Brembs, University of Regensburg, Germany
Scott Brennan, Logemas Pty Ltd, Australia
Chris Bresee, University of California, Davis, USA
Noah Bressman, Salisbury University, USA
Kenny Breuer, Brown University, USA
Jason Breves, Skidmore College, USA
Michael Briga, University of Turku, Finland
R. Brigham, University of Regina, Canada
Jen Bright, University of Hull, UK
Richard Brill, Virginia Institute of Marine Science, USA

- Adriana Briscoe, University of California, Irvine, USA
Steven Britt, University of Texas at Austin, USA
Axel Brockmann, National Centre for Biological Sciences (NCBS), India
Anders Brodin, Lund University, Sweden
George Brooks, University of California, Berkeley, USA
Grant Brown, Concordia University, Canada
William Brown, Fredonia State University of New York, USA
Michael Browne, University of Illinois, USA
Rahel Brügger, University of Zurich, Switzerland
Henrik Brumm, Max Planck Institute for Ornithology, Germany
Bing Brunton, University of Washington, USA
Matteo Bruzzone, University of Padua, Italy
Anton Bryantsev, Kennesaw State University, USA
Daniel Buchholz, University of Cincinnati, USA
David Buchwalter, North Carolina State University, USA
Leslie Buck, University of Toronto, Canada
