Volume 205 (1) 2002

In this issue i–ii

- Borgens, R. B., Shi, R. and Bohnert, D.** Behavioral recovery from spinal cord injury following delayed application of polyethylene glycol. 1–12
- Duerstock, B. S. and Borgens, R. B.** Three-dimensional morphometry of spinal cord injury following polyethylene glycol treatment. 13–24

- Larsen, O. N. and Goller, F.** Direct observation of syringeal muscle function in songbirds and a parrot. 25–35

- Bebas, P., Cymborowski, B. and Giebultowicz, J. M.** Circadian rhythm of acidification in insect vas deferens regulated by rhythmic expression of vacuolar H⁺-ATPase. 37–44

- McIntyre, I. W., Campbell, K. L. and MacArthur, R. A.** Body oxygen stores, aerobic dive limits and diving behaviour of the star-nosed mole (*Condylura cristata*) and comparisons with non-aquatic talpids. 45–54

- Sun, M. and Tang, J.** Unsteady aerodynamic force generation by a model fruit fly wing in flapping motion. 55–70

- Luquet, C. M., Postel, U., Halperin, J., Urcola, M. R., Marques, R. and Siebers, D.** Transepithelial potential differences and Na⁺ flux in isolated perfused gills of the crab *Chasmagnathus granulatus* (Grapsidae) acclimated to hyper- and hypo-salinity. 71–77

- Frick, N. T. and Wright, P. A.** Nitrogen metabolism and excretion in the mangrove killifish *Rivulus marmoratus*. I. The influence of environmental salinity and external ammonia. 79–89

- Frick, N. T. and Wright, P. A.** Nitrogen metabolism and excretion in the mangrove killifish *Rivulus marmoratus*. II. Significant ammonia volatilization in a teleost during air-exposure. 91–100

- Rezende, E. L., Swanson, D. L., Novoa, F. F. and Bozinovic, F.** Passerines versus nonpasserines: so far, no statistical differences in the scaling of avian energetics. 101–107

- Kelly, J. P., Warnock, N., Page, G. W. and Weathers, W. W.** Effects of weather on daily body mass regulation in wintering dunlin. 109–120

- Simpson, S. J., Raubenheimer, D., Behmer, S. T., Whitworth, A. and Wright, G. A.** A comparison of nutritional regulation in solitarious- and gregarious-phase nymphs of the desert locust *Schistocerca gregaria*. 121–129

- Smyth, K., Sangha, S. and Lukowiak, K.** Gone but not forgotten: the lingering effects of intermediate-term memory on the persistence of long-term memory. 131–140

- Glover, C. N. and Hogstrand, C.** *In vivo* characterisation of intestinal zinc uptake in freshwater rainbow trout. 141–150

- Glover, C. N. and Hogstrand, C.** Amino acid modulation of *in vivo* intestinal zinc absorption in freshwater rainbow trout. 151–158
