▼Inside JEB

Haemoglobins Tough It Out In Vent Water 2525; **Elastic Powers Springy Step** 2525; **Shade Seekers Use Their Pits** 2526; **Fish Fibres Follow Phylogeny** 2527

Outside JEB

Sniffing Sperm 2528; **Eat Well To Live Long** 2529; **Don't Mind The Gap!** 2529; **Fish Muscle Is Still Helical** 2530; **From Molecules To Morse Codes** 2531; **Peripheral Precision For Discriminating Females** 2531

Book Review

Schreck, C. B. Taking stock of fish stress. 2533

Commentaries

Black, S. L. Does weight gain lead to weight loss? 2535-2536

Adams, C. S. and Blank, J. L. Response to 'Does weight gain lead to weight loss?'. 2536-2537

Research Articles

► **Krochmal, A. R. and Bakken, G. S.** Thermoregulation is the pits: use of thermal radiation for retreat site selection by rattlesnakes. 2539-2545

Seyfarth, A., Geyer, H. and Herr, H. Swing-leg retraction: a simple control model for stable running. 2547-2555

Zelenin, P. V., Grillner, S., Orlovsky, G. N. and Deliagina, T. G. The pattern of motor coordination underlying the roll in the lamprey. 2557-2566

► **Roberts, T. J. and Marsh, R. L.** Probing the limits to muscle-powered accelerations: lessons from jumping bullfrogs. 2567-2580

Yamada, Y. and Ohshima, Y. Distribution and movement of *Caenorhabditis elegans* on a thermal gradient. 2581-2593

► **Johnston, I. A., Fernández, D. A., Calvo, J., Vieira, V. L. A., North, A. W., Abercromby, M. and Garland, T., Jr.** Reduction in muscle fibre number during the adaptive radiation of notothenioid fishes: a phylogenetic perspective. 2595-2609

Jokela, M., Vartio, A., Paulin, L., Fyhrquist-Vanni, N. and Donner, K. Polymorphism of the rod visual pigment between allopatric populations of the sand goby (*Pomatoschistus minutus*): a microspectrophotometric study. 2611-2617

Hama, N., Okada, Y., Pollák, E., Molnár, L. and Niida, A. Peripheral targets of centrally located putative accessory neurons of MRO in the isopod *Ligia exotica*. 2619-2628
