

PUBLISHER'S NOTE

Publisher's Note: Cellular metabolism and IL-6 concentrations during stimulated inflammation in small and large dog breeds' primary fibroblasts cells, as they age

Ana Gabriela Jimenez, Cynthia J. Downs, Sahil Lalwani and William Cipolli

This Publisher's Note relates to the article *J. Exp. Biol.* (2020) (doi: 10.1242/jeb.233734).

As a result of an error in the Editorial Office, the article was accepted for publication and posted as an Accepted Manuscript before the authors were given the opportunity to address the reviewers' comments.

The manuscript has now been returned to the authors for revision.

We apologise to the authors and readers for this error and will update this Publisher's Note in due course.
